

How Do I Print Comchecks?

Fleet Menu

Touch the "**Fleet Menu**" button.

Express Check

Touch the "**Express Check**" button.

Enter Driver Information

The screenshot shows a software interface titled "Express Check" on a light blue background. At the top, there is a text label "Express Chk No." followed by a white input field, which is highlighted by a red circle and the number "1". Below this, a group of input fields is enclosed in a red rounded rectangle and labeled with a "2". These fields include "Last Name", "First Name", "Driver No.", "Unit No.", "Trip No.", and "Single Check?" (which has a dropdown menu currently showing "Y") followed by an "Amount" input field. At the bottom of the form, there are two buttons: a green "OK" button highlighted by a red circle and the number "3", and a pink "Cancel" button.

(1) Type the drivers express code.

(2) Type all additional driver's information using the keyboard.

(3) Touch the **"OK"** button.

System Message:
Requesting CREDIT OK.

The transaction information will now be sent to the credit processor. If the transaction is approved, a check should print on your Comdata check printer.
