

How Do I Setup and Process a TFT with Truck and Reefer Fuel?

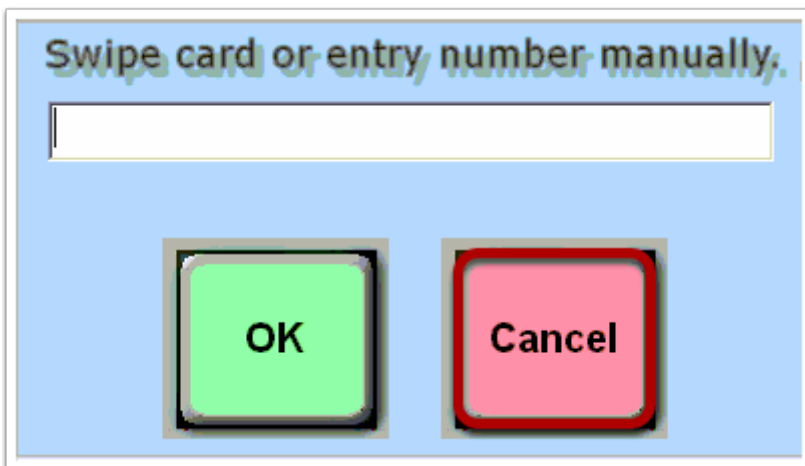

This lesson will teach you how to start a Truck Fleet Transaction (TFT) and process it for tractor and reefer fuel. In this example, the customer is paying with cash.

New Fleet

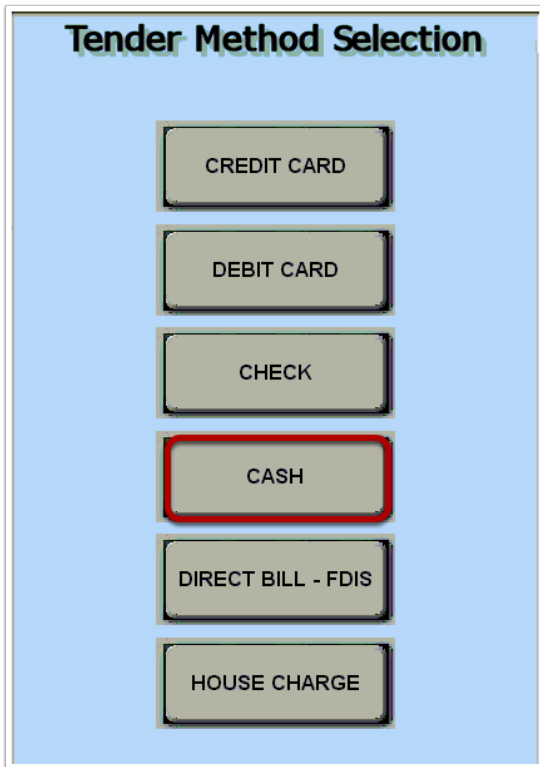

Touch the "**New Fleet**" button.

Card Swipe Prompt

Touch "**Cancel**" when prompted to swipe a credit card.

Tender Method Selection

The screenshot shows a screen titled "Tender Method Selection" with a light blue background. A vertical list of six buttons is centered on the screen. The buttons are labeled "CREDIT CARD", "DEBIT CARD", "CHECK", "CASH", "DIRECT BILL - FDIS", and "HOUSE CHARGE". The "CASH" button is highlighted with a red border, indicating it is the selected option.

You will now be prompted to select a method of payment. Touch the "**Cash**" button.

Fuel Selection

(1) Touch the dispenser number the customer is going to use

(2) The driver is getting truck and reefer fuel only so touch the **"Truck"** button and the **"Reefer"** button.

(3) Touch the accept button

Fleet Data Entry

The screenshot shows the 'Fleet Data Entry' form. A red circle with the number '1' is placed over the 'MEDIA ID#' field. Three red arrows originate from this circle: one points to the 'COMPANY:' field (containing 'FISCAL SYSTEMS'), one points to the 'TRUCK:' field (containing '595'), and one points to the 'ODOMETER:' field (containing '29282').

Fleet Data Entry			
MEDIA ID#	*****		
TRUCK:	595	ODOMETER:	29282
TRUCK LIC:		TRKL ST:	HUB
TRAILER #:		TRL LIC:	RFR
TRIP #:		TSEG:	PO #:
DRIVER #:		DOB:	
DRIVER LIC		DL ST:	
LOYALTY CARD:		CASH ADV:	
PMT TYPE:		ACCT NO:	
DRV NAME:		CITY:	
STATE:		ZIP:	

On the **Fleet Data Entry** screen, enter the necessary driver information.

(1) In this example, we have entered the **Company Name**, **Truck Number**, and **Odometer Reading**. The required information will vary depending on the driver.

Accept

The screenshot shows the 'Accept' screen. A table displays fuel data with two rows. A red box highlights the 'TYPE' column, and a red circle with the number '1' is next to it. A second red box highlights the 'ACCEPT' button, with a red circle and the number '2' next to it.

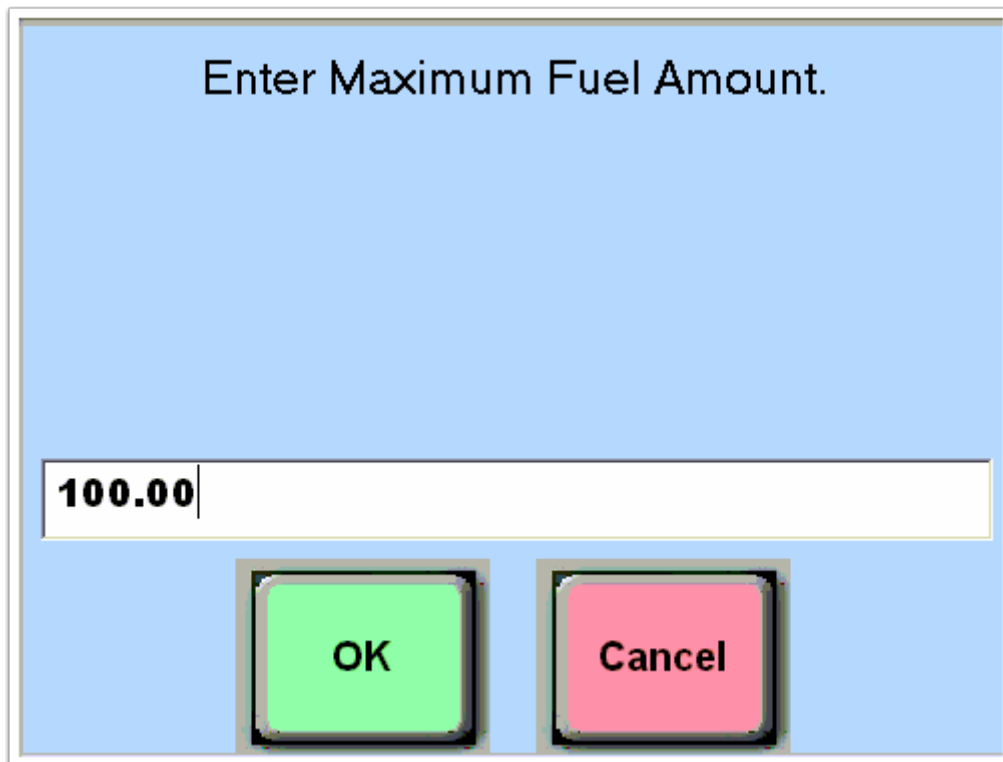

FIRST DISP	MAN.	SECOND DISP	MAN.	SECOND DISP	FUEL TYPE:	REEFER	SWAP DISP
TYPE	DISP	STATUS	AMOUNT	VOLUME	PRICE		
F	05	Idle					
R	05	Idle					

Buttons: ACCEPT, RELEASE DISP, RING SALE, PYMNT TYPE, ADD ITEMS

(1) Notice the fuel **Types**. **F** is for **Fuel** (diesel) and **R** is for **Reefer**.

(2) Touch the "**Accept**" button.

Fuel Amount

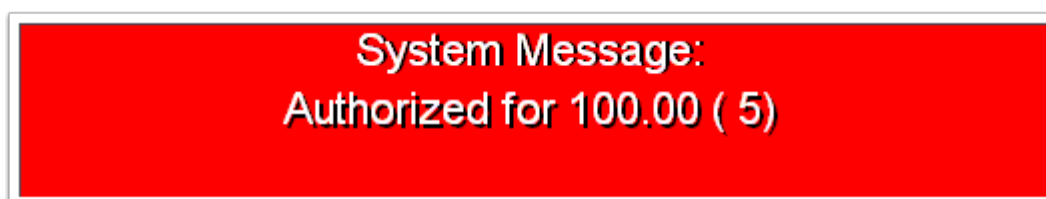

Enter Maximum Fuel Amount.

100.00

OK Cancel

For cash transactions, you will be prompted to enter a maximum dollar amount for both the diesel and reefer fuel portions of the transaction.

Authorized

System Message:
Authorized for 100.00 (5)

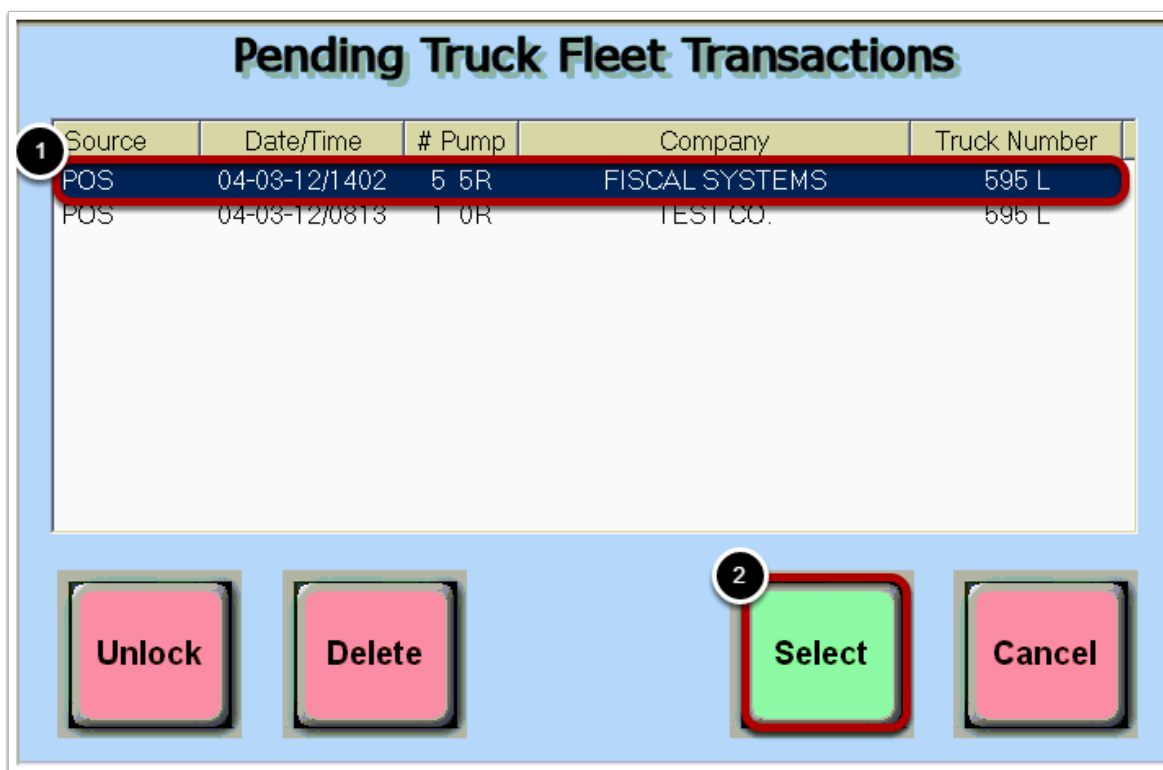

You will see a message confirming that the dispenser is now authorized. The driver can now dispense fuel.

Pending Fleet

Once the driver has finished fueling, you will need to find his transaction in the list of pending fleet transactions. Touch the **"Pending Fleet"** button to pull up this list.

Select The Transaction

(1) Touch the transaction to highlight it in the list.

(2) Touch the **"Select"** button.

Ring Sale

FIRST DISP	MAN.	SECOND DISP	MAN.	SECOND DISP FUEL TYPE:	REEFER	SWAP DISP
TYPE	DISP	STATUS	AMOUNT	VOLUME	PRICE	
TF	05	Released	100.00	24.336	4.109	▲
TR	05	Released	100.00	24.336	4.109	▼
ACCEPT	RELEASE DISP	RING SALE	PYMNT TYPE	ADD ITEMS		

The fuel is released and ready to be rang into the register. Touch the **"Ring Sale"** button.

Loyalty Card Prompt

Swipe card or entry number manually.

Read Points Card or Cancel

OK

Cancel

You will be prompted to swipe a loyalty card. Touch the **"Cancel"** button.

Tender The Transaction

(1) Type the dollar amount using the number pad on the keyboard.

(2) Touch the **"Cash"** button.

Tender Method - Credit Card

Loyalty Card Prompt

You will be prompted to swipe a loyalty card if the customer has one that is accepted at your location.

Swipe loyalty card then press OK or Touch the **Cancel** button.

Tender the Transaction

If Credit was the method tendered you would Touch the **Credit** button and have customer either swipe or insert their card into the MX 915 (EMV) Pinpad Card Reader Slot.

Once the card is inserted into the MX915 Pinpad Slot. Credit, Debit, EBT buttons will be displayed on the MX 915 pinpad.

For Credit transaction, the **"Select Credit"** message on the MX 915 Pinpad will be displayed. Press **YES** if amount is correct.

If a PIN is required, a message **Please enter your PIN** will be displayed.

Enter PIN, and press **Enter**.

 **Note:** When using Fleet Cards such as COMDATA, Fleet One or EFS the customer will be asked for additional information such as their **Driver ID**

"Please Wait, Do Not Remove Card" will then be displayed on the pinpad

Requesting Credit

The Register will display a System Message that the transaction information is being sent to the credit card processor.

If a signature is required, a signature box will be displayed on the Pinpad

Once the transaction is approved a large TFT receipt will print for the customer.
